## **BUILDING HEALTHIER EMPLOYEES AND A HEALTHIER BOTTOM LINE**

When your employees are sick, your business suffers. That's why a corporate wellness program just makes good business sense. Star Wellness® provides accessible, affordable, safe, comprehensive and proactive health assessments and screenings so your employees can have "a life lived well"®. Whether you come to us, or we come to you, we help you take charge of your health and wellness for you and your employees. It's smart for you and smart for business.

### **Affordable and Safe**

Preventive screenings are now covered under the Affordable Care Act. Our rates are generally LOWER than if your employees went to their doctor for the same screenings.

Our tests are administered by medical technicians, using medically recognized safety procedures, including the often ignored Needlestick Safety and Prevention Act.

Star Wellness® is the preferred national provider of onsite medical screening and laboratory services for major corporations, municipalities and school districts looking for an innovative partner to help them navigate through the maze of possible health and wellness solutions.

### **With Star Wellness you benefit from:**

- ★ STAR Scheduling® - convenient ONLINE REGISTRATION that maintains productivity by allowing employees to select screening times that conveniently integrate with their work schedules.
- ★ AGGREGATED CORPORATE REPORTING to identify and benchmark health trends within your workforce plus INDIVIDUAL PARTICIPANT REPORTS. Usually within 48 hours, participants get an easy to read and understandable wellness report mailed directly to their home. All identified results are fully CONFIDENTIAL and not shared with employers.
- ★ Our revolutionary STAR Access® program enables you to offer affordable health screenings to your employees at dispersed business locations throughout the U.S.
- ★ A FULL ARRAY OF ADVANCED LAB TESTING using Laboratory Corporation of America® (LabCorp).
- ★ EXPERIENCED PROFESSIONALS AND STATE-OF-THE-ART EQUIPMENT to assure efficiency, accuracy and employee comfort.
- ★ Proactive services including immunizations for influenza (flu), tetanus, TDAP, pneumonia and meningitis. We also offer vitamin B12 shots.
- ★ Available PROFESSIONAL MARKETING ASSISTANCE to help you design and publicize screening events to reach employees and improve overall participation rates.
